

## Company Formation

*Inventor forms company.*

**Wilmington** —*You are the ID, LLC is formed, dba Global e·dentity™, the group was formed in October by Founder Robert Adams & its partnership with a Washington D.C. entity.*

The company will deliver a new advanced multi-model biometrics method that can positively identify individuals without intrusive fingerprints or facial scans like those that Apple or Samsung uses. *“We will provide the foundation for validating an individual’s identity in a non-invasive manner and unlike the unsecure methods used today, our method works and is virtually impenetrable” said Robert Adams, Inventor and Founder of Global e·dentity™. “I’ve assembled a world class team who will help me deliver our vision. We look forward to the challenge,” he said.*

Global e·dentity™, will be a leader in the field of secure multimodal biometrics that include not one but two proof-of-life measurements to both increase accuracy of authentication and greatly reduce any hacker’s ability to spoof identity as we have seen done with facial and fingerprint biometric systems in use today.
